

Zwrotka I

It's cold and dusty night
I stand alone and cry
My memories dissapeared
All that's left is fear

Obedience they demand
And put a gun in my hand
I see the world in flame
Oh, if the wind could blow away the pain

Ref.

All around empty, broken
Faded, rotten souls

Zwrotka II

One said the time has come
To do what must be done
I'm tied up in chain
And someone took away my name

Ref. 2

All around empty, broken
Faded, rotten souls

Bridge

Save me from their frown
I end up falling down

(Eckhart Tolle)

Outro

It's cold and dusty night
my hands are ready to fight
